

How To Avoid Faith Failure - The Mechanics Div. I (Part 1)

Luke 22:32 Mark 5:25-24

Objective: This series of teachings will address the various aspects of the faith walk. With a comprehensive understanding of the dynamics of faith it will equip the Believer to accurately function according to Biblical faith. Avoiding faith failure will only occur to the degree that one has been taught and properly coached in the faith process.

Introduction: We established that this year would be a year of increased productivity in all areas of our lives. The prophetic word declared that it is from the secret place that we partake of the blessings of provisions, protection, and prosperity. The revelation of the secret place is that it is not geographically defined, but it is a spiritual state of unwavering faith and trust in Almighty God who cannot fail. It is from this platform that commitment, communion, confidence, and conviction takes place. Because faith is the foundation of the secret place, we are conducting an intense study so that every one will have the opportunity to be established.

Text Story: On this occasion as in other encounters Jesus credits their faith for the results they received. We admire the woman with the blood disorder because she did not give up (experience faith failure), but pressed her way to receive her healing! **Mk.5:25-34**

The Little Boy thought his lunch was just for him. The Woman at the Well was just looking for water. The Four Lepers were just trying to survive. Tonight you thought you were just coming to church, but God has designated you for Himself and to be an instrument of hope for your family and friends!!
